

Who we are...

Training Services

Epoch, IT LLC is a small, woman-owned business specializing in Consulting, Technology, Managed IT, and Education Services for both commercial and government sectors.

Our mission is to provide the expertise and support organizations need to improve efficiency and performance. We design our services to enhance system operations and boost employee productivity—helping businesses stay competitive and deliver exceptional customer service.

With an on-site support desk, a dedicated Learning Center, and full Network Operations Center (NOC) capabilities, we offer comprehensive coverage across today's technology landscape.

We train you in technology
